Reference: Attached letter No. 2548/C.B. 38-28 dated 16th November 28, from the Chief Secretary to Government, regarding printing of Committee's proceedings.

Mr. Venkataramaiah and myself went and saw the Chief Secretary today in connection with the matter.

He says Government do not intend publishing the evidence. They want only about 6 copies for their use, and even proofs would do. Should we stop giving the print order, for the approved final proofs, and permit the Superintendent, Govt. Printing, to break type, or, shall we get only a dozen copies printed for the use of Government? Perhaps, the latter course would be better as we could give them clean copies.

They want copies of the in camera evidence also. Shall we have a dozen copies printed of each of this also?

The Chief Secretary said it was not desirable to leave any copies of evidence either public or in camera, even with the Members, after the Committee's work was over. May we get them back?

Submitted for orders.
